

الهيئة السعودية للمواصفات والمقاييس والجودة
Saudi Standards, Metrology and Quality Org.

Organizational Structure of Technical Committees

Standards of Services

Technical Committee of Institutional practices

Technical Committee of Environment

Technical Committee of Occupational Safety and Health

Technical Committee of Geospatial information systems

Technical Committee of Voluntary work services

Standards of metrology and calibration sector

Technical Committee of Electrical metrology

Technical Committee of Mechanical metrology

Technical Committee of Physical metrology

Technical Committee of Flow Measurement

Textile products sector

Technical Committee of Textile

Technical Committee of Personal protection equipment

Technical Committee of Leathers and shoes

Mechanical and metal products sector

Technical Committee of air conditioning and refrigeration

Technical Committee of furniture

Technical team of funfair games

Technical Committee of pressure vessels

Technical team of Fire-fighting equipment

Technical Committee of Lighting poles

Technical Committee of Elevators and Escalators

Technical Committee of Shipping

Technical Committee of Educational Transportation

Electrical and electronic products sector

Technical Committee of electrical devices and their accessories

Technical Committee of lighting and its accessories

Technical Committee of household appliance

Technical Committee of equipment of transfer and distribute energy

Technical Committee of Solar and photovoltaic

Technical Committee of Electrical Storage System

Technical Committee of Wind Power System generation

Chemical and petroleum products sector

Technical Committee of petroleum products

Technical Committee of detergents

Technical Committee of plastics

Technical Committee of paints and varnishes

Building products and Construction materials sector

Technical Committee of sanitary wares

Technical Committee of Iron Products

Technical Committee of Green Buildings and Sustainability

The Field of Work of The Formed Committees Teams and Corresponding International Committees

Sector of Construction Products and Building Materials

Technical Committee of Sanitary Wares

Area of work:

(Ceramic and non-ceramic sanitary wares, (Metallic, glassy.... Etc.) Plumbing tools (such as faucets, mixer taps, shower heads, flow rate regulators and buoys) and all equipment related to rationalizing the use of water).

Corresponding International Committees:

ISO/TC23/SC 7

Technical Committee of Steel Products

Area of work:

(Steel products such as bars, wires, coils, plates and special sections of construction and building materials).

Corresponding International Committees:

ISO TC 17

Technical Committee of Green Buildings and Sustainability

Area of work:

Standardization in the field of Green Buildings, Technology Standards and Environmentally Friendly Systems.

Corresponding International Committees:

ISO TC 205, ISO TC 163

The Field of Work of The Formed Technical Committees and Corresponding International Committees

Chemical and Petroleum Products Sector

Technical Committee of Petroleum Products

Area of work:

(Petroleum products and their methods of test (petroleum and its products, lubricants and hydraulic fluid))

Corresponding International Committees:

ISO /TC28 , 67

Technical Committee of Detergents

Area of work:

Personal, general and household cleaning products, testing methods, and related technical terms.

Corresponding International Committees:

ISO/TC91

Technical Committee of Plastics

Area of work:

All kinds of plastic products and their methods of test.

Corresponding International Committees:

ISO/ TC 61,TC 122,TC 138

Technical Committee of Paints and Varnishes

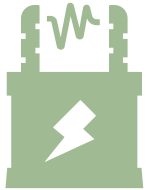

Area of work:

All kinds of paints, pastes, coloring materials, dryers, and raw materials, as well as terms and definitions for those products and their testing methods.

Corresponding International Committees:

ISO / TC 35,TC 256

The Field of Work of The Formed Technical Committees and Corresponding International Committees

Electronic and Electrical Products Sector

Technical Committee of Household Appliances and Accessories

Area of work:

Safety requirements for electrical appliances mainly for household purposes.

Corresponding International Committees:

IEC/TC 61, TC 59

Technical Committee of Lighting and Accessories

Area of work:

Lighting equipment such as Luminaires , different types of lamps and accessories.

Corresponding International Committees:

IEC/ TC 34 ,SC34A ,SC34B ,SC34C,SC34D

The Field of Work of The Formed Technical Committees and Corresponding International Committees

Continue: Electronic and Electrical Products Sector

Technical Committee of Electrical Systems and Accessories

Area of work :

Electrical systems and accessories for household and similar general use , technical team works are classified into two parts (electrical systems and accessories) :
Electrical systems are such as: (lightning protection system - earthing systems – fire alarm systems - power factor improvement system- solar energy systems- Electrical energy storage systems.)

Corresponding International Committees:

IEC/TC23, IEC/TC32, IEC/TC37, IEC/TC70, IEC/TC81, IEC/TC82, IEC/TC120

Technical Committee of Energy Transmission and Distribution Equipment

Area of work:

Equipment and materials used in the generation, transmission and distribution of electrical energy, such as generators , turbines, transmission and distribution transformers , insulators , transmission lines, and switchgear and controlgear equipment.

Corresponding International Committees:

IEC/TC 1 , TC 2 , TC 4 , TC 5 , TC 8 , TC 11 , TC 14 , TC 15 , TC 17 , TC 28 , TC 31 , TC 32 , TC 33 , TC 36 , TC 42 , TC 57 , TC 73 , TC 82 , TC 88 , TC 96 , TC 99.

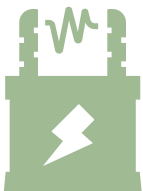

Technical Committee of Solar and Photoelectric Energy

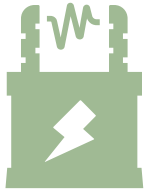

Area of work:

Adopting the international standards for photoelectric solar energy, making the necessary amendments, and following up the work of international technical committees in the field of photoelectric solar energy and adopting what suits the Kingdom.

Corresponding International Committees:

TC82

The Field of Work of The Formed Technical Committees and Corresponding International Committees

Electronic and Electrical Products Sector

Technical Committee of Electric Systemic Storage

Area of work:

Safety requirements for Electrical Storage System mainly for battery and electrical transformers.

Corresponding International Committees:

IEC/ TC21, IEC/ TC105, IEC/ TC120

Technical Committee of Wind Power System generation

Area of work:

Determine the requirements of wind turbine components: generator, disc, blades, turbine size

Corresponding International Committees:

IEC/ TC 88

The Field of Work of The Formed Technical Committees and Corresponding International Committees

Mechanical and Mineral Products Sector

Technical Committee of Air Conditioning and Refrigeration

Area of work:

Refrigeration and air conditioning systems, including heat pumps, compressors, dehumidifiers, refrigerators, display refrigerators, ventilation and airflow equipment, and automatic control used in air conditioning, as well as the terms , mechanical safety and testing methods.

Corresponding International Committees:

ISO/TC 86

Technical Committee of Furniture

Area of work:

Furniture (units that used in storage, sitting, working, and eating), including terms, definitions, performance and safety requirements, dimensions requirements, and materials requirements.

Corresponding International Committees:

ISO / TC 136

Technical Committee of Amusement Rides Devices

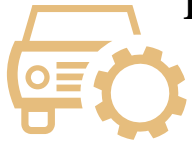

Area of work:

Design standards and the requirements of public safety and performance, installation locations, inspection and maintenance after installation and requirements of manufacturing and quality of funfair cities. It has no business with playgrounds, facilities and equipment.

Corresponding International Committees:

ISO/TC 254

The Field of Work of The Formed Technical Committees and Corresponding International Committees

Continue: Mechanical and Mineral Products Sector

Technical Committee of Pressure Vessels

Area of work:

(Gas cylinders and their accessories, gas tanks, tankers (transportation of hazardous materials), pressure equipment, storage containers of stable hazardous materials)

Corresponding International Committees:

ISO / TC11

Technical Committee of Fire-fighting Equipment

Area of work:

All fire extinguishing apparatus and equipment including extinguishing tools as well as the personal equipment of the fire fighter, including terminology, classification and symbols. It is not specialized in the standards of firefighters protective clothing.

Corresponding International Committees:

ISO/TC 21

Technical Committee of Lighting Poles

Area of work:

Lighting poles and accessories of cables, panels and transformers.

Corresponding International Committees:

ISO/TC787

The Field of Work of The Formed Technical Committees and Corresponding International Committees

Continue: Mechanical and Mineral Products Sector

Technical Committee of Elevators and Escalators

Area of work:

Updating the standards of elevators and escalators.

Corresponding International Committees:

ISO/TC 178

Technical Committee of Maritime Transport

Area of work:

For conducting technical studies, discussing the issues and decisions related to the maritime transport required for the work of the committee, and supervising their preparation with the cooperation of organizations, authorities, unions working in the sector of maritime transport, and specialized research centers, in addition to establishing the mechanisms of implementation.

Corresponding International Committees:

ISO TC8

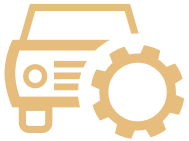

Technical Committee of Educational Transportation

Area of work:

Prepare and adopt the standards of school transportation and buses.

Corresponding International Committees:

ISO/TC13111

The Field of Work of The Formed Technical Committees and Corresponding International Committees

Textiles Products Sector

Technical Committee of Textiles Products

Area of work :

Fibers, yarns, cords, fabrics, textile floor coverings, furniture, fabrics covered with plastic or rubber, leather and footwear.

Test methods and chemical analyses of these products.

Corresponding International Committees:

ISO / TC 38

Technical Committee of Personal Protective Equipment

Area of work :

The team is specialized in the preparation of standards for clothing and personal protective equipment against dangers such as fire protection clothing and occupational hazards.

Corresponding International Committees:

ISO / TC 94

Technical Committee of Leather and Footwear Products

Area of work :

The team is specialized in preparing standards for all types of footwear and leather products.

Corresponding International Committees:

ISOTC120

The Field of Work of The Formed Technical Committees and Corresponding International Committees

Metrology Standards Sector

Technical Committee of Electrical Metrology

Area of work:

Electrical and electronic measurement devices including the following:
technical terminology related to measurement devices,
equipment of energy measurement and load regulation,
related quantities, units and recognition letters,

Corresponding International Committees:

IEC/TC 13 , IEC/TC 25 , IEC/TC 65 , IEC/TC 85 , IEC/CISPR

Technical Committee of Mechanical Metrology

Area of work:

Mechanical measurement devices related to: (measuring dimensions, pressure, density, mass, heat, gas, fuel and speed meters ; pressure, force and associated quantities measuring instruments; weights and measures)

Corresponding International Committees:

ISO/TC213; ISO/TC48/ SC3 ,SC4; ISO/TC30/SC7, SC5 ; OIML/TC8; OIML/TC 9; OIML/TC10

Technical Committee of Physical Metrology

Area of work:

Physical measurement devices related to the following:
(quantities and units; the general requirements of measurement devices ; optics and optical devices; acoustics and acoustic devices)

corresponding international committees:

ISO/TC 43, ISO/TC 274, ISO/TC 172/SC1, SC6 , OIML/TC 5, OIML/TC 2, ISO/TC 12

Technical Committee of Flow Measurement

Area of work:

Flow measurement in open and closed fluids and hydraulic and metric measurements
corresponding international committees:

ISO TC 30, ISO TC 113, OIML TC8

The Field of Work of The Formed Technical Committees and Corresponding International Committees

Services Standards Sector

Technical Committee of Environment

Area of work:

(Standardization in the area of environmental management systems and their components that seek to support sustainable development).

Corresponding International Committees:

ISO/TC207

Technical Committee of Institutional Practices

Area of work:

Standardization in the field of institutions' practices whether governmental or private.

Corresponding International Committees:

ISO/TC 258, TC262, TC260, TC251, TC280, TC289, TC292, TC286, 279

The Field of Work of The Formed Technical Committees and Corresponding International Committees

Services Standards Sector

Technical
Committee of
Occupational Safety
and Health

Area of work:

Standardization in the field of occupational health and safety of workers.

Corresponding International Committees:

ISO/TC 45001

Technical
Committee of
Geospatial Data
System

Area of work:

Standardization in the field of spatial information and borders with states.

Corresponding International Committees:

ISO/TC 211

Technical
Committee of
Voluntary Work
Services

Area of work:

Preparing standards in the management of voluntary work at organizations and institutions.

Corresponding International Committees:

No existing committee

Bodies Participating in the Work of the Formed Technical Committees

Sector of Construction Products and Building Materials

1-Technical Committee of Sanitary Wares

- High Commission for the Development of Arriyadh
- Arabian Company for Ceramics (Porsalina)
- Ministry of Environment, Water and Agriculture
- Niagara Conservation
- SIDC Ceramic Plant
- Saudi Ceramics
- Ministry of Municipal and Rural Affairs
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

Continue: Sector of Construction Products and Building Materials

2-Technical
Committee of
Steel Products

- King Fahd University of Petroleum and Minerals
- Saudi Basic Industries Corporation (SABIC)
- Ministry of Commerce and Investment
- Prince Mohammad bin Fahd University (PMU)
- Al Yamamah Steel Industries Company
- Saudi Building Code National Committee
- Rajhi Steel Industries Co. Ltd.
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

Continue: Sector of Construction Products and Building Materials

3- Technical
Committee of Green
Buildings and
Sustainability

- High Commission for the Development of Arriyadh
- King Saud University
- Saudi Building Code National Committee
- Royal Commission for Jubail and Yanbu
- Eco Engineering and Energy Solutions
- Saudi Basic Industries Corporation (SABIC)
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

Chemical and Petroleum Products Sector

4-Technical Committee of Petroleum Products

- Saudi Aramco
- Alhamrani-Fuchs Petroleum Saudi Arabia
- Aljomaih and Shell Lubricating Oil Company (JOSLOC)
- King Abdulaziz City for Science and Technology
- Petromin Co.
- King Saud University
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

Continue: Chemical and Petroleum Products Sector

5-Technical Committee of Detergents

- King Saud University
- King Abdulaziz City for Science and Technology
- Binzagr Unilever Co. Ltd.
- Saudi Industrial Detergents Company (SIDCO)
- Ministry of Commerce and Investment
- Modern Products Co.
- National Fertilizer Company Ltd. (NAFKAL)
- Henkel for Home and Personal Care
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

Continue: Chemical and Petroleum Products Sector

6-Technical Committee of Plastics

- Saudi Plastic Products Company Ltd. – (SAPPCO)
- King Abdulaziz City for Science and Technology
- Riyadh Plastic Factory
- Bitumat Company Limited
- Saudi Basic Industries Corporation (SABIC)
- National Industrialization Company (Tasnee)
- National Plastic Factory
- National Paper Products Company (NAPCO)
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

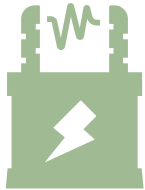

Continue: Chemical and Petroleum Products Sector

7-Technical Committee of Paints and Varnishes

- Sigma Paints
- King Abdulaziz City for Science and Technology
- Saudi Paint Co. Ltd.
- Arabian Building Chemicals Factory- Jeddah
- Jotun Saudia Co. Ltd.
- Saudi Chemical Industries Company ltd. (SCI)- Jeddah
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

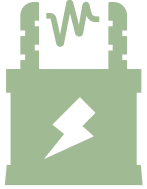

Electronic and Electrical Products Sector

8-Technical Committee of Household Appliances and Accessories

- King Saud University
- Riyadh College of Technology (RCT)
- Alessa for Refrigeration and Air Conditioning Company (ARAC)
- General Electric Company (GE)
- Saudi Electricity Company
- Al-Babtain Engineering Industries Co.
- Saudi Specialized Laboratories Company (Motabaqah)
- AlJazirah for Home Appliances
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

Continue: Electronic and Electrical Products Sector

9-Technical Committee of Lighting and Accessories

- Inara Lighting Company
- King Fahd University of Petroleum and Minerals (KFUPM)
- Ministry of Municipal and Rural Affairs
- Alfannar Co.
- Ministry of Energy, Industry and Mineral Resources
- Saudi Lighting Company (SLC)
- Nassli Trading Est.
- Khaldi Futec for energy-saving technology
- Saudi Standards, Metrology and Quality Organization (SASO)

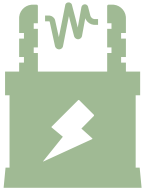

Bodies Participating in the Work of the Formed Technical Committees

Continue: Electronic and Electrical Products Sector

10-Technical Committee of Electrical Systems and Accessories

- King Saud University
- Omrania and Associates Architecture and Engineering Consultants
- Al-Amr Group for Consulting and Engineering Services
- Alfannar Co.
- Ministry of Energy, Industry and Mineral Resources
- Schneider Electric Co.
- Dar Al Majd Consulting Engineers
- Nassli Trading Est.
- Saudi Standards, Metrology and Quality Organization (SASO)

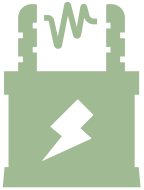

Bodies Participating in the Work of the Formed Technical Committees

Continue: Electronic and Electrical Products Sector

11-Technical
Committee of
Energy
Transmission
and Distribution
Equipment

- King Saud University
- ABB Electrical Industries CO., LTD
- Electricity and Cogeneration Regulatory Authority (ECRA)
- Ministry of Environment, Water and Agriculture
- King Abdulaziz City for Science and Technology (KACST)
- Schneider Electric Co.
- Alfancar Co.
- Saudi Standards, Metrology and Quality Organization (SASO)

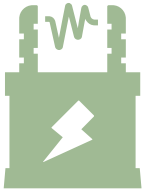

Bodies Participating in the Work of the Formed Technical Committees

Continue: Electronic and Electrical Products Sector

12-Technical
Committee of Solar
and Photoelectric
Energy:

- King Saud University (KSU)
- King Abdulaziz City for Science and Technology (KACST)
- Electricity and Cogeneration Regulatory Authority (ECRA)
- Advanced Electronics Company (AEC)
- King Abdullah City for Atomic and Renewable Energy (K.A.CARE)
- Saudi Electricity Company (SEC)
- King Fahd University of Petroleum and Minerals (KFUPM)
- Ministry of Energy, Industry and Mineral Resources (MEIM)
- Saudi Standards, Metrology and Quality Organization (SASO)

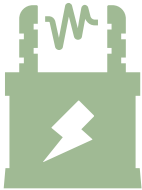

Bodies Participating in the Work of the Formed Technical Committees

Continue: Electronic and Electrical Products Sector

13-Technical
Committee of Electric
Systemic Storage

- King Abdulaziz City for Science and Technology (KACST)
- Advanced Electronics Company (AEC)
- Saudi Electricity Company (SEC)
- King Fahd University of Petroleum and Minerals (KFUPM)
- Ministry of Energy, Industry and Mineral Resources (MEIM)
- Saudi Aramco
- Saudi Standards, Metrology and Quality Organization (SASO)

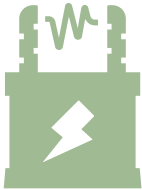

Bodies Participating in the Work of the Formed Technical Committees

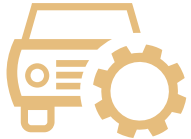

Continue: Electronic and Electrical Products Sector

14-Technical
Committee of Wind
Power System
generation

- King Saud University
- Advanced Electronics Company (AEC)
- Saudi Electricity Company (SEC)
- Electricity and Cogeneration Regulatory Authority (ECRA)
- King Fahd University of Petroleum and Minerals (KFUPM)
- Ministry of Energy, Industry and Mineral Resources (MEIM)
- Saudi Aramco
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

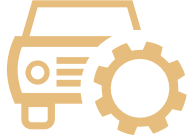

Mechanical and Mineral Products Sector

15-Technical Committee of Air Conditioning and Refrigeration

- Zamil Industrial Company
- King Abdulaziz City for Science and Technology (KACST)
- LG Shaker Co., Ltd.
- AL Salem Johnson Controls
- King Saud University
- Petra Engineering Industries Co.
- Zamil Air Conditioners and Home Appliances Company Ltd.
- Saudi Aramco
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

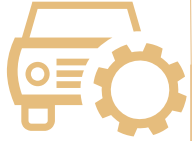

Continue: Mechanical and Mineral Products Sector

16-Technical Committee of Furniture

- King Saud University
- Ministry of Education
- Ministry of Commerce and Investment
- Saudi Aramco
- Saudi Basic Industries Corporation (SABIC)
- Tanatel Factory
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

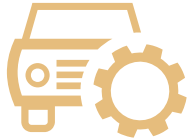

Continue: Mechanical and Mineral Products Sector

17-Technical Committee of Amusement Rides Devices

- Ministry of Commerce and Investment
- Saudi Commission for Tourism and National Heritage (SCTH)
- General Directorate of Civil Defense
- Bureau Veritas Saudi Arabia Testing Services
- Al Hokair Group
- King Saud University
- Ministry of Municipal and Rural Affairs (MoMRA)
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

Continue: Mechanical and Mineral Products Sector

18-Technical Committee of Pressure Vessels

- King Saud University
- The General Directorate of Civil Defense
- Saudi Gas Cylinder Factory
- National Gas and Indust. Co. (GASCO)
- Saudi Aramco
- Ministry of Energy, Industry and Mineral Resources
- Ministry of Commerce and Investment
- Rawafd International Co.
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

Continue: Mechanical and Mineral Products Sector

19-Technical Committee of Fire-fighting Equipment

- The General Directorate of Civil Defense
- Saudi Factory for Fire Equipment Co. (SFFECO)
- King Saud University
- Saudi ARAMCO
- High Commission for Industrial Security
- Heba Fire and Safety Equip. Co. Ltd.
- Ministry of Municipal and Rural Affairs (MoMRA)
- National Fire Fighting Manufacturing Co. (NAFFCO)
- Saudi Standards, Metrology and Quality Organization (SASO)

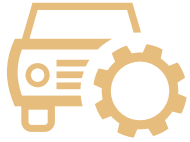

Bodies Participating in the Work of the Formed Technical Committees

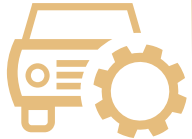

Continue: Mechanical and Mineral Products Sector

20-Technical Committee of Lighting Poles:

- Jeddah Municipality
- Alaamidah Building Materials & Contracting Co. Ltd
- Al-Babtain Power & Telecommunication Co.
- King Abdulaziz University
- SHAIRCO for Trading , Industry & Contracting
- Transport Ministry
- Ministry of Municipal and Rural Affairs (MoMRA)
- Jeddah Traffic
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

Continue: Mechanical and Mineral Products Sector

21-Technical
Committee of
Maritime Transport:

- King Abdulaziz University
- Directorate General of Border Guards
- Zamil Offshore Services Company (ZOSCO)
- Al Ahlam Holding Group - Saudi Yacht Company
- Transport Ministry
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

Continue: Mechanical and Mineral Products Sector

22-Technical
Committee of
Elevators and
Escalators:

- King Saud University
- General Directorate of Civil Defense
- Mitsubishi Electric Saudi Ltd. (MELSA)
- Schindler Olayan Elevators Co. Ltd
- Otis Elevator Company
- Saudi Standards, Metrology and Quality Organization (SASO)

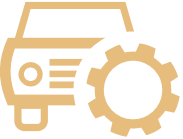

Bodies Participating in the Work of the Formed Technical Committees

Continue: Mechanical and Mineral Products Sector

23-Technical Committee of Educational Transportation:

- Ministry of Trade and Investment
- Saudi Standards, Metrology and Quality Organization (SASO)
- Ministry of Interior
- Ministry of Education
- Customs Department
- Imam Muhammed bin Saud Islamic University
- Tatweer Company for Educational Transportation
- Saudi & UAE Integrated Transport Company (CITCO)
- Supreme Commission for the Riyadh City Development

Bodies Participating in the Work of the Formed Technical Committees

Sector of Textiles Products and Environment

24-Technical Committee of Textiles Products

- Prince Sattam Bin Abdulaziz University
- Saudi Basic Industries Corporation (SABIC)
- Tahaqoq International Co.
- Ministry of Commerce and Industry (MCI)
- Military Apparel and Supplies Plant
- Bureau Veritas Saudi Arabia Testing Services
- Saudi Customs
- Saudi Inspection and Testing Co. (SAITCO)
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

Continue: Sector of Textiles Products

25-Technical
Committee of
Personal Protective
Equipment:

- Military Apparel and Supplies Plant
- General Directorate of Civil Defense
- Saudi Leather Industries Co. Ltd.
- DuPont Protection Solutions (DuPont)
- Ministry of Health
- King Saud University
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

Continue: Sector of Textiles Products and

26-Technical
Committee of
Leather and
Footwear
Products:

- Tahaqoq International Co.
- Saudi Customs
- Al-Dagal factories LTD for leather tanning and leather products
- Bureau Veritas Saudi Arabia Testing Services
- Jeddah Chamber of Commerce and Industry
- King Saud University
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

Metrology Standards Sector

27-Technical Committee of Electrical Metrology

- King Saud University
- Dar Al-Wasit Company
- King Abdulaziz City for Science and Technology
- Al-Imam Mohammad Ibn Saud Islamic University
- Nassli Trading Est.
- Alfannar Company
- The National Measurement and Calibration Center (NMCC) – SASO
- ABB Electrical Industries CO., LTD
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

Continue: Metrology Standards Sector

28-Technical
Committee of
Mechanical
Metrology

- Al-Imam Mohammad Ibn Saud Islamic University
- Transport Ministry
- Ministry of Commerce and Industry (MCI)
- Ministry of Environment, Water and Agriculture
- Mejdaf Trading Group
- Alfamar Company
- Dar Al-Wasit Company
- Riyadh College of Technology (RCT)
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

Continue: Metrology Standards Sector

29-Technical
Committee of
Physical
Metrology

- King Saud University
- Dar Al-Wasit Company
- Salih Abdulkareem Alqidhi Institution
- Princess Nourah bint Abdulrahman University
- Saudi ARAMCO
- Ministry of Commerce and Investment (MCI)
- Riyadh College of Technology (RCT)
- Ministry of Environment, Water and Agriculture
- The National Measurement and Calibration Center (NMCC) – SASO
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

Continue: Metrology Standards Sector

30-Technical
Committee of
Flow
Measurement

- King Saud University
- King Abdulaziz University
- Amad Office
- Saudi ARAMCO
- Saline Water Conversion Corporation
- National Water Company
- King Abdulaziz City for Science and Technology (KACST)
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

Services Standards Sector

31-Technical
Committee
For Environment

- King Khalid University
- Riyadh Municipality
- Saudi Industrial Property Authority (MODON)
- SABIC
- King Abdulaziz University
- Saudi Aramco
- The General Authority of Meteorology and Environmental Protection (PME)
- Saudi Wildlife Authority (SWA)
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

Continue: Services Standards Sector

32-Technical Committee of Institutional Practices

- Al - Imam Mohammad Ibn Saud Islamic University
- Council of Saudi Chambers (CSC)
- King Faisal Specialist Hospital and Research Centre
- Saudi Telecom Company (STC)
- Ministry of Labor and Social Development
- Ministry of Foreign Affairs
- Human Rights Commission
- The Saudi Investment Bank
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

Continue: Services Standards Sector

33-Technical
Committee of
Occupational Safety
and Health

- Ministry of Labor and Social Development
- General Directorate of Civil Defense
- King Abdulaziz University
- Saudi Electricity Company
- King Fahad Medical City
- Al-Gwaihes for Engineering Consultancy
- General Organization for Social Insurance
- Saudi Industrial Property Authority (MODON)
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

Continue: Services Standards Sector

34-Technical
Committee of
Geospatial Data
Systems

- King Abdulaziz University
- Ministry of Defense
- Umm Al Qura University
- High Commission for the Development of Arriyadh
- Imam Abdulrahman bin Faisal University
- King Abdulaziz City for Science and Technology
- Saudi Standards, Metrology and Quality Organization (SASO)

Bodies Participating in the Work of the Formed Technical Committees

Continue: Services Standards Sector

35-Technical
Committee of
Voluntary Work
Services

- Ministry of Labor and Social Development
- The Society of Majid bin Abdulaziz for Development and Social Services
- Al Nahda Women Association
- Ministry of Education
- Abdelrahman Saleh Al-Rajhi and Family Foundation
- Ghadan Consulting and Capacity Building
- Saudi Standards, Metrology and Quality Organization (SASO)
