دليل المستخدم لنظام منح الشهادات

إجراء المنح لشهادات المطابقة

يكون إجراء المنح بناءً على المواصفة الدولية ISO/IEC 17065 (تقويم المطابقة-متطلبات الجهات المانحة لشهادات مطابقة المنتجات والعمليات والخدمات)

دخول على نظام منح الشهادات

The screenshot shows the SASO Certification System website. The header includes the SASO logo, the text "Certification System", and a "Regulations" section with dropdown menus for "Quality Mark", "Conformity Certificate", and "IECEE Certificate". A user menu is visible, showing "Welcome Guest!" and options for "Login", "Forget Password", and "Register New Factory". The main content area features a banner with a Saudi flag and two men in traditional attire, and a text box containing the following text:

الرؤية المستقبلية للجودة 2020م
رؤية خادم الحرمين الشريفين المستقبلية للجودة
في المملكة للعام 2020م
إن الرؤية المستقبلية للجودة 2020م تهدف إلى أن تكون المملكة
بمنتجاتها وخدماتها معياراً عالمياً للجودة والإنفاق .

الشروط والاحكام

Welcome ...

Please see the following requirements and notifications before starting your application to ensure quality of service and break down together to a satisfactory result

Declaration:

1. SASO's representative -the Certificate of Conformity Department- has the full right to visiting the factory for attending the periodic tests of electric vehicles. Also the manufacturer must inform the Certificates of Conformity Department of the date of conducting annual crash tests at a period of no less than three months.
2. The applying process is limited to one Vehicle model only.
3. Hybrid Vehicles are NOT subjected to this program.
4. The approved test report form must be completed and submitted later on the electronic system
5. Costs and fees are non-refundable.
6. Data entry is in English.
7. Sixty days at least before dispatching the first consignment of any type of vehicles, in each year, the manufacturer shall send to the concerned authority the unique identifier for each make and type of vehicle & manufacturers with the list of VIN using the identifier.
8. The list of vehicles to be exported for the entire year with the specific VIN list shall be send to the concerned authority for each model year. This may be sent just before the end of each model year, if not possible at the start of the model year.
9. Applying the latest version of the Electric Vehicles TR, and meeting SASO's requirements at all times.

Acknowledgement of terms and conditions :

- The customer shall be familiar with the certificate regulation, which is wanted to be obtained, and read it carefully in addition to making sure that he is able to be committed to all its items.
- The customer shall be familiar with the granting procedure of the products that are mentioned in the request and read it carefully in addition to making sure that he is able to be committed to all its items.
- The customer is responsible for providing the request with all the needed attachments and submitting them in the specified places on the electronic system.
- The customer pays all costs of submitting the request and the study.
- The customer pledges to pay all costs resulted from the study.

Documents Needed Are

- Electric Vehicle Test Report
- Type Approval Document - issued by the electric vehicle manufacturer
- Material Safety Data Sheet (MSDS) for Battery
- Quality management systems according to SASO EV Technical Regulation
- Images of the Electric Vehicle Distinguishing mark for safety purposes
- Risk assessment report
- Designs and drawings to prove conformity to requirements of electric vehicle technical regulation.
- Necessary warnings and cautions, guides for safe and sound operation and use of the product
- Application Forms for Granting Type Approval Certificate for Electric Vehicles
- Supplier Declaration of Conformity (Electric Vehicle Type Approval)
- Date of periodic tests for the electric vehicles.

The request will be cancelled in the following cases :

- Attaching incomplete documents.
- Attaching documents that are not related to the product or the model in the request.
- The documents are not correct, or there is a difference in the supplier information who is registered in the request.
- The costs are not paid completely on time.
- Being late to answering SASO's inquiries about the specified time.

Note: The paid fees are not refundable.

I agree to the terms and conditions
